Applications are invited from interested candidates for **two (02) Research Internship positions** under the **VRITIKA** (Short Term Training Programme) event sanctioned by **Accelerate Vigyan, SERB, Department of Science and Technology, Government of India**. The event will be held in an offline mode at IIT Gandhinagar (IITGN).

Event Title: Biomaterial synthesis and mechanical characterization

Venue: Soft Matter Rheology Lab, Chemical Engineering, IIT Gandhinagar, Palaj, Gandhinagar, Gujarat 382355

Name and number of the post: Research interns (**three** internship positions)

Duration of Internships: May - June 2023 (tentatively)

Necessary qualification: Candidates who are currently pursuing or have completed **MTech/ME/MSc in Chemical Engineering/Materials Science/Physics** and research areas allied to the field of the event mentioned above. **Candidates with prior exposure to mechanical characterization will be a plus.**

Some important points:

1. Interns will not be paid any stipend. However, interns will be provided free on-campus accommodation in IITGN hostels and food cost at IITGN hostel mess will be borne by IITGN.
1. Some select travel support may be provided to outstation candidates as per Gol norms.
1. Interested candidates should send their complete resume (including complete contact details such as address and contact numbers) giving all educational qualifications and experience details, and certificates of qualifications and experience **by email** at prachi@iitgn.ac.in **on or before 20th April 2023**. Selected candidates will be informed through email notification by **25th April 2023**. Unsuccessful Candidates will not be informed.
1. Also, if selected candidates are currently pursuing MTech/ME, then they will need to produce a bonafide certificate signed by the Head of the Department/Institute Authority and No Objection Certificate (NOC) for attending the internship from their Supervisor/Head of the Department.
