ToR for Deployment of Fellows in Aspirational Blocks

Introduction:

The deployment of Aspirational Blocks Fellows is a strategic move to bolster the impact of the Aspirational Blocks Program by harnessing the energy, talent, and passion of young fellows from reputed institutions towards achieving its goals of inclusive growth, community empowerment, and building a prosperous India for all. These AB Fellows will work closely with Block level Officials and under the overall guidance of District Magistrate and CEO - ZP to develop strategies for accelerated implementation of ABP thematic areas, facilitate effective monitoring and planning, and conduct field visits to ensure that the interventions are responsive to people's needs and demands.

To support and enhance the effectiveness of the AB Fellows, a dedicated Project Management Unit (PMU) will be set up at NITI Aayog. The PMU will be responsible for monitoring the progress of the fellows, providing regular coordination, and ensuring they receive timely and relevant training to remain well-equipped for their responsibilities. Additionally, the AB Fellows will also report to the District Magistrates (DMs) of their respective districts, with regular reviews conducted to assess their performance and contributions towards the development objectives of the Aspirational Blocks.

Objectives:

The primary objectives of deploying Aspirational Blocks Fellows are as follows:

- 1) Assist Block level Officials in designing and implementing strategies for accelerated development across ABP thematic areas.
- 2) Facilitate data-driven planning to ensure optimal resource allocation and utilization.
- 3) Strengthen monitoring and evaluation mechanisms to track progress effectively.
- 4) Foster greater community engagement and participation in developmental initiatives.
- 5) Empower local stakeholders with knowledge, skills, and capacity building.

Selection and Training:

The selection process for Aspirational Blocks Fellows will be undertaken by Districts following a rigorous and transparent process. As per State Recruitment guidelines, to attract a diverse pool of candidates, an advertisement will be released to invite applications from across the country. While the AB Fellow can be from anywhere in India, there is an emphasis on selecting candidates ideally from the same State as the Aspirational Block to ensure a deeper understanding of local nuances and challenges. The selection criteria will prioritize individuals with a passion for community development, innovative problem-solving skills, and a strong commitment to driving positive change. NITI Aayog, in collaboration with State Governments, will design and implement an extensive training program, encompassing vital areas such as project management, data analysis, community engagement, and the ability to navigate and thrive in diverse cultural contexts. This comprehensive training will prepare the fellows before they are commissioned to work closely with Block-level officials.

Qualifications:

- 1) Post Graduate in any discipline from a reputed institution
- 2) Should possess data analysis and presentation skills
- 3) Should be conversant with use of social media

- 4) Should possess Project Management Skills
- 5) Experience of working/internship with a Development Organisation
- 6) Self-driven with good communication skills.
- 7) Knowing the local language of the respective Aspirational Block is a requirement for all Aspirational Blocks Fellows.

Note: Preference will be given to candidates who have completed their higher education in the development/rural stream.

Role of Aspirational Blocks Fellows:

The Aspirational Blocks Fellows will be positioned as a critical link between the Block level Officials and NITI Aayog. Their primary responsibilities will include:

- 1) Collaborating with Block level Officials to design and execute development strategies aligned with ABP thematic areas.
- 2) Conducting regular field visits to assess project implementation, address challenges, and collect ground-level insights.
- 3) Analyzing data and providing evidence-based recommendations to BLOs, District level Officials to optimize developmental initiatives.
- 4) Organizing workshops, awareness campaigns, and skill-building programs to empower the local community.
- 5) Keeping States and NITI abreast with the issues, challenges and need for support.

Benefits and Impact:

The deployment of Aspirational Blocks Fellows is expected to yield multiple benefits:

- 1) Strengthening governance and administrative capabilities at the Block level.
- 2) Enhancing the efficiency and effectiveness of developmental projects.
- 3) Enabling knowledge transfer and cross-learning between the fellows, officials, and local communities.
- 4) Contributing to data-driven policy formulation and evidence-based decision-making.
- 5) Building a talent pipeline of future leaders committed to social impact and community development.

Tenure of AB Fellows:

The tenure of Aspirational Blocks Fellows will initially span one year, during which they will actively engage with Block level Officials to drive developmental initiatives and empower local communities. Recognizing the potential for sustained impact, the program allows for a one-year extension of the fellowship, contingent upon the fellow's satisfactory performance and demonstrated contributions to the program's objectives, as determined by the State Governments.

Compensation:

The compensation package for Aspirational Blocks Fellows has been thoughtfully designed to attract bright and passionate individuals committed to driving transformative change at the grassroots level.

Each fellow will receive a monthly stipend of Rs 55,000 as a token of appreciation for their dedicated service and valuable contributions to the Aspirational Blocks Program.

This compensation is aimed at providing a reasonable financial support system, acknowledging the significance of their role in accelerating development across the identified blocks. This compensation package also includes provisions for travel allowances to a maximum of Rupees five thousand per month and other necessary support to ensure that the fellows can effectively immerse themselves in their assigned Blocks and focus on fostering change and progress in Blocks. By offering a competitive compensation package, the program seeks to attract top talent and empower Aspirational Blocks Fellows to make a meaningful impact in the Blocks they would serve.

Challenges and Mitigation:

While deploying Aspirational Blocks Fellows presents numerous opportunities, potential challenges will have to be addressed, such as:

- 1) Ensuring seamless coordination between fellows and Block level Officials.
- 2) Adapting to diverse cultural contexts and regional variations.
- 3) Managing expectations and setting realistic goals for both the fellows and the Block level Officials
- 4) Providing ongoing support and mentorship to the fellows throughout their tenure.
