

17th Nov 2023

Introduction

KHPT is a not-for-profit charitable entity that spearheads focused initiatives to improve the health and wellbeing of communities in India. In 2003, KHPT was founded with a mission to enhance the health and wellbeing of vulnerable communities and our journey started with the focus on reducing the prevalence of HIV in Karnataka, specifically among most at-risk populations. These interventions were evidence-driven, systematically planned, rigorously implemented, and monitored. We succeeded in scaling impact well beyond Karnataka and KHPT became a learning site for innovative approaches. We work primarily in the fields of Maternal, Neonatal & Child health (MNCH), Tuberculosis (TB), Adolescent Health (AH), and Comprehensive Primary Health Care (CPHC).

DoRDPR has proposed a two-year implementation research project in collaboration with the Karnataka Health Promotion Trust (KHPT) to be implemented in the Raichur and Chamarajanagar districts respectively. “Arogya Sangama” – 3-way partnership between People, Providers, and Panchayat for Health”. Enabling responsive primary health care is a key aim of Ayushman Bharat - Health and Wellness Centres (AB-HWCs). This project will be implemented in the selected geographies to improve the overall performance of primary health systems (service utilization, quality, responsive care, and equity) specifically in rural HWCs.

KHPT is seeking application for the following position.
